

FLORIDA PREP SUMMER PROGRAM

MONDAY, JULY 9TH
THROUGH FRIDAY, AUGUST 3RD

Accepting students aged 10 through 17

The American Experience English Immersion programs (ESOL) at Florida Prep are designed to equip students with Basic English (a 2 week program), or the English skills required to take courses such as English Literature, American History and other English-based electives required for high school graduation and acceptance into American colleges and universities (a 4 week program).

From the outset emphasis is placed not only on speaking well, but also reading, writing, listening and vocabulary. Field trips through the duration of the program enable students to practice their skills in real-life situations and to experience American culture. Visits to Orlando attractions and other Florida landmarks fill the weekends.

THE
AMERICAN
EXPERIENCE!

A TYPICAL DAY

Each day is different and focuses on an objective or activity. A typical day may include classroom instruction followed by a visit to a local supermarket to order your lunch, a picnic at the beach and back to campus to review the activities in your English journal. Evenings are free and are used to mingle with students attending other summer programs on campus.

THE AMERICAN EXPERIENCE!

AROUND CAMPUS Florida Prep is located on the east coast of central Florida, just a few hours north of Miami and an easy 60 minute commute to Orlando International Airport. Our historic campus offers a unique blend of tropical foliage and Spanish style architecture and is two miles from the beach, a short drive to the Kennedy Space Center, and one hour away from Walt Disney World, Universal Studios and Sea World!

A COMPREHENSIVE PROGRAM DESIGNED TO SUIT ALL SKILL LEVELS

At Florida Prep students will experience a comprehensive language program with options to suit all skill levels.

The two week program equips students with simple conversation skills, the ability to pay for tickets, order food, specify dates, colors etc., all learned in a fast moving, non-judgmental environment. More importantly, their immersion in American culture provides a stepping stone for return trips and future education in the United States.

For those students wishing to take a more advanced program, or seeking to remain at Florida Prep for the entire school year, a four week course, comprised of both two-

week sessions, is available. Instruction will move to a higher level during weeks 3 and 4.

A further alternative option, subject to satisfactory English proficiency, allows four-week students to join 'The Space Coast Experience' program for weeks 3 and 4.

The Space Coast Experience program offers students the opportunity to

overlay their English studies with a selection of classroom activities, provides an insight into the STEAM program offered at Florida Prep, and features visits to Florida College campuses.

All programs are hands-on with small classes, individual attention and full-time teacher availability.
